Fort Moore ~ Historic Fountain Restoration project
Meeting Minutes for the Second LVNOC Meeting**

Council District: 1

Meeting Date: October 27, 2015

**Meeting Location: Chinatown Branch Library
639 North Hill Street
Los Angeles, CA 90012**

Introduction:

Every participant (see attached attendance sheet) in the meeting introduced themselves including the Project team members, Messrs. Ejike Mbaruguru (City) and Rogelio Gamino – LA County representative

Meeting Highlights:

The project team went over the:

- Overview of Proposition K program
- The Proposition K project scope: Restoration of historic fountain
- Overall project construction cost of \$4.1 million which includes Proposition K contribution of \$500,000 plus accrued interest/inflation adjustment.

Discussion

Rogelio Gamino explained/responded on some issues from LVNOC #2.

The committee asked about the structural integrity of the existing water fountain walls. Mr. Gamino explained that County engineers did investigate the walls and deemed them structurally sound. He further discussed other landscape related issues including removal of trees and shrubs especially those trees that deleterious to the walls. Discussions ensued on tree replacement. Council District One (CD-One) staff suggested to include Natal Gum among the replacements plants and asked the County to follow, at the minimum, the LA City Dept. of Public Works Tree Replacement policy. The committee advised that the trees in the vicinity be trimmed.

In responding the committee question, the County staff related that the restoration project includes installation of some lighting in the park.

The committee suggested that:

- The county should include some form of graffiti abatement measures such as graffiti coating of all structures including the restored fountain and an appropriate graffiti removal program for the area structures.
- There should a coordination effort between LA County and LA City law enforcement to deter homeless encampment in the area.
- There should be a maintenance program for the fountain.
